

TRINITY MEDICAL CENTRE

MISSION STATEMENT

Our Visions and Values

For our patients

- To maintain our longstanding traditions with a practice team and environment which is welcoming, caring and accessible for all our patients
- To treat our patients fairly and equally, and with dignity and respect
- To promote continuity of care so far as is possible
- To ensure safe and effective services within the environment

For our Practice and Locality

- To work with our CCG and local practices in improving the health of our patients and the local population

For our Practice Team

- To maintain a motivated and fulfilled team by upholding continuing professional development and promoting a friendly working environment.
- To listen to all team members and value comments, suggests and contributions
- To project a positive and professional image of ourselves both within and outside the practice

The Trinity Medical Centre is an established practice and is part of the North Staffordshire and Stoke on Trent CCG. We provide a high standard of holistic medical care to our population of patients who reside in and around the locality.

Our goal is to be as effective and efficient as possible in terms of the healthcare we provide and the business we run. We wish to remain focussed on providing excellent primary care services for our patients and we will encourage and reflect on their feedback.

As a teaching and training practice we pride ourselves in the development and mentoring of future general practitioners
