

Remember:

- Reasonable adjustments are unique to each person.
- You can have more than one adjustment.
- You can change your mind about an adjustment at any time.
- You can tell us how to improve your adjustments

How to get started:

- Fill in the form and return it to reception or to the doctor or nurse during your next appointment.
- We are happy to help you fill out the form if you need assistance.

Reasonable Adjustment Consent Form

- Completing the form allows us to record your adjustments in your file.
- You can choose to share this information with other healthcare providers involved in your care.

**Thank you for helping us
make healthcare
accessible for everyone!**

Contact us:

If you have any questions or need help filling out the form, please don't hesitate to contact us at reception.

Can We Make Your Healthcare Easier for You?

Making healthcare accessible for everyone.

At Trinity Medical Centre we understand that some people may find it difficult to access healthcare due to a disability or other factors. We want to help!

Reasonable Adjustments: Making things easier for you.

Reasonable adjustments are small changes we can make to your healthcare experience to better suit your needs at specific times.

These adjustments can be anything from providing larger text sizes to scheduling appointments.

How can we help you?

- We want to know if you need any reasonable adjustments and, if so, what they are.
- We can record these adjustments in your file so everyone at our practice is aware of your needs.

With your permission, we can also share these adjustments with other healthcare professionals involved in your care.

What kind of adjustments can we make?

- Larger text size on appointment letters and forms
- Taking more time during appointments to discuss your needs
- Providing information in alternative formats like easy read or large print
- Offering appointments at specific times based on your needs
- Allowing space for a guide dog or other assistance animals
- Communicating with you in a preferred way, such as using sign language or a language interpreter
